INSPIRING ACTIONS FOR HEALTHY CREEKS & RIVERS

# Enable Policy, Projects and Actions Goal

Apply the San Antonio River Authority's expertise and resources to influence, develop, and implement recognized and sustainable improvements to the health and safety of our creeks, rivers, estuaries and bays.

# Goal Overview

- 24 Projects
- 15 Project Managers
- 4 Objectives
- 3 Estimated to Close Within this Fiscal Year
- Safe & Clean

# Objectives

- 2.1 Target Investments in projects and incentives that result in quantifiable water quality benefits
- 2.2 Promote healthy ecosystems through proactive ecological restoration projects
- 2.3 Proactively address the threats to creeks and rivers.
- 2.4 Drive adoption of sustainable design and development policy.
