**Approved Product List
Product Application Form**

Product submittal sheet shall comply with the checklist below. If the following items do not apply to the product, please explain in the additional comments box.

Checklist

Statement referencing compliance with San Antonio River Authority specifications, including reference to specific specification section.

Product data with detailed technical specifications, with specific product highlighted as required. Include any standards that the product falls under (i.e. AWWA, ASTM, etc).

Laboratory test results, which show compliance with San Antonio River Authority specifications.

Product installation instructions from the manufacturer.

Product maintenance requirements, including any special equipment requirements and maintenance intervals.

Customer reference list, which includes other utilities that have used the product for similar situations, including a contact information for the reference.

Explanation of the purpose of the product, and why the product would differ from other approved products.

Please email this form, along with all applicable attachments in a single combined document.
