

Strategic Plan – EAC Briefing

September 26, 2019

Enable Policy, Projects, and Actions

Apply SARA's expertise and resources to influence, develop, and implement recognized and sustainable improvements to the health and safety of our creeks, rivers, estuaries and bays

Committed to Safe, Clean, Enjoyable Creeks and Rivers.

Target investments in projects and incentives that result in quantifiable water quality benefits.

- Watershed Wise Rebate & School Grants

Impervious Area (SF)	Treated Volume (CF)	Annual Volume Treated (CF)	Bacterial Load Removed (Colonies/year)	TSS Load Removed (lb/year)
479,993	72,420.13	1,089,590	1.38E+13	2,927.56

Promote healthy ecosystems through proactive ecological restoration

- Freshwater mussel propagation project
- Species reintroduction
- Huebner Creek Stream Restoration
- Panther Springs Stream Restoration
- River Road Stream Restoration

Committed to Safe, Clean, Enjoyable Creeks and Rivers.

Proactively address the threats to creeks and rivers.

- Olmos Creek Trash Collection Project
- Mission Reach Erosion Repairs
- Conception Creek Outfall Repair
- Dam Rehabilitations

Committed to Safe, Clean, Enjoyable Creeks and Rivers.

Drive adoption of sustainable design and development

- CoSA Bond LID Match project
- Edwards Aquifer Watershed Protection project
- Impervious Cover Mitigation Project

Committed to Safe, Clean, Enjoyable Creeks and Rivers.
